March 23, 2020

Dear Valued Customers and Vendors,

This morning the governor of the State of Michigan, Gretchen Whitmer, issued a Stay at Home order to temporarily suspend all “activities that are not necessary to sustain or protect life” until April 13, 2020 at 11:59pm. Construction was not exempted from this order. Hard Rock Stone Works intends to comply with this order until its completion.

We have opted to place all employees on temporary furlough (temporary layoff) due to the order during the next 3 weeks. This applies to all functions of the business. We are treating this as a “pause period”. At the commencement of the pause period we will begin business where we left off and schedule appointments proportionately to today’s date.

We are asking all suppliers to please work with us during this unplanned business interruption and the constraint on cash flow caused by this delay. We are actively working with our customer base as well as seeking assistance to mitigate risk from both the federal government and our local state department during this “pause period”

We will continue to monitor the situation and keep you updated and in communication.

I wish you all the very best for you and your families. Stay safe! Stay Healthy! Stay Strong!

Sincerely,

Steve Amodeo
Chief Operating Officer
